Livingstone Life! Year 1

Happy New Year!

We hope you had a fantastic Christmas and a well deserved break. We can not wait to hear all about your Christmas adventures!

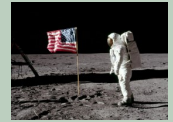

2024

We would like to welcome Miss Alton to the Year One team who will be teaching Hazel class!

This term we will be learning all about space.

We will be learning about the astronauts who travelled to the moon as well as learning about the plants in the solar system.

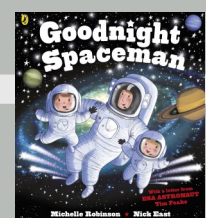

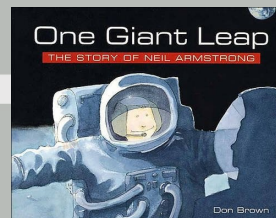

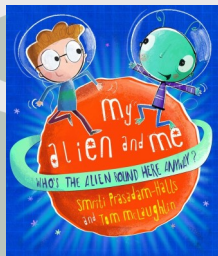

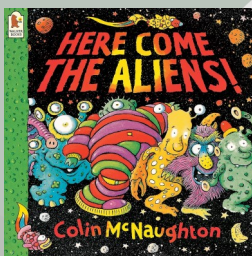

This is such an interesting theme and we hope you are as excited to learn all about it!

Writing

Our theme this half term is To Infinity and Beyond! To inspire us, we will be reading lots of lovely story books about space and reading Non Fiction books about Tim Peake and Neil Armstrong.

In our writing this half term we will be looking at 'Here come the Aliens', 'My Alien and Me', 'One Giant Leap' and 'Goodnight Spaceman'. We will be writing descriptions about aliens and learning the suffix -ed to be able to write a diary entry about our day with an alien. We will then go on to writing information about items relating to space e.g. moon boots, Apollo 11 and space suits to be able to write information plaques for our space museum towards the end of the half term.

Livingstone Life! Year 1

Our learning this half term!

Science - We will be learning to identify, name, describe and compare a variety of plants and flowers in our local environment.

History - We will be learning all about Neil Armstrong and Tim Peake as our significant people. We will be learning about their journeys into space and why they are important.

D&T - In D&T we will be using clay to make an alien. We will learn how join and shape the alien.

PE - In PE will be learning about the Invictus games and how we make PE inclusive for all.

Computing - During computing, the children will learn about painting programmes and will know that art can be produced digitally. They will create their own digital masterpiece.

RHE/PSHE - In our class discussions, we will be looking at setting goals and how to achieve them. We will also be learning about how to overcome challenges and barriers, how to be resilient and how to work well as part of a team

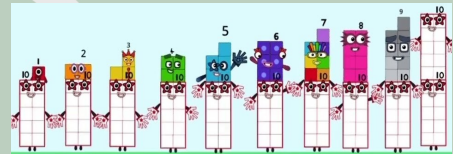

RE - Last term we learnt about the Christian creation story. This term we will make comparisons with the Hindu creation story and find out the beliefs of Hindus.

Maths

This half term we will be learning about:

- Numbers to 20
- Doubling facts
- Finding one more and one less within 20

Reading

Please keep reading at least 3 times a week and record it in their yellow reading records. Reading is incredibly important and it really does make a huge difference when a child reads daily! We count the reads on Wednesday.

If your child reads three times a week they will be entered into our raffle. If their name is chosen they are given the chance to crack the code to the safe and win the book prize!

Google Classroom

Please remember to sign up to Google Classroom if you haven't already done so. This is where we post reminders, make announcements and will be uploading home learning. If you need a new letter with your login details, please speak to your child's class teacher.
